

PLACE FOR EVERYONE!

MILES OF SWEET SINGLETRACK? CHECK. EXHILARATING 50 MPH DESCENTS ON CLOSED ROADS? CHECK. INTERNATIONAL PRO RACING, FUN ACTIVITIES FOR THE KIDS, CAMPING AND SCORES OF HIGH-END BIKES FOR FREE DEMO RIDES? CHECK, CHECK, CHECK AND CHECK. BACK FOR ITS 16TH YEAR, THE SEA OTTER CLASSIC IS A ONE-STOP FESTIVAL FOR ALL THINGS CYCLING.

Based around the Laguna Seca Recreation Area just inland of Monterey, California, the Sea Otter Classic is a cycling festival like no other. Every year for four days, tens of thousands of bike enthusiasts converge on the green rolling hills like a massing two-wheeled army. Tattooed men on burly downhill bikes wait patiently behind their bikes on pink bikes with training wheels in the numerous food vendor queues. Cross-country riders who have never before on a number chat with roadies who live for competition. Professional stunt riders navigate four-inch-wide planks high above the heads of cheering spectators. And young BMX riders practice their skills near the start/finish line as professional riders come thundering past dozens of times during the pro circuit race. Even the youngest Sea Otter fans get into the action at the Kid's Carnival and other events designed specifically for budding cyclists. You can find many of these elements scattered around the United States, but finding them all in one place requires only one thing: the Sea Otter Classic.
